# Workshop on Fisheries Resilience in Petersburg

Thursday, February 2

5:00-6:30 PM

Borough Assembly Chambers  
Petersburg Municipal Building, 12 South Nordic Drive

Refreshments provided

Are you seeing changes on the water? What are you doing to adapt? Share your thoughts and experiences in a conversation about ecosystem change and long-term resilience for Petersburg's fishing fleet. Researchers with NOAA Fisheries are working to amplify your voices locally, regionally, and nationally.
